Now taking bookings for Group Sessions. In the first instance, group sessions will be for primary students only. Sessions will be held on a Tuesday evening. Please get in touch for further information on times and venues.

The sessions are designed to support students in their mathematical studies and a wide range of different topics and disciplines will be covered over the duration of the year. Sessions will be held once a week and a different topic area will be covered each week. Parents/guardians will be informed of the topic the week before the session takes place and a full programme of all topics which will be covered over the year will be uploaded to the Mr James Maths Tuition Virtual Learning Environment (VLE) at the beginning of the academic year.

Homework and additional activities will also be provided to students to complete and hand in the following week. This will then be checked by our tutors and the relevant feedback will be given to parents.

Scientific Calculators

The new style GCSE Scientific Calculators (Casio fx-83GTx) are now available in a range of different colours (Pictured to the left). These will be available to purchase from the online shop of the new Mr James Maths Tuition website once the website is live. In the meantime, if you would like to purchase one of these calculators, email: Info@mrjamesmathstuition.co.uk to place your order, or by using any of the other contact methods which can be found on the Mr James Maths Tuition social media platforms.
