Online Tuition

During these uncertain times, it is very possible that your child has fallen behind in their maths education. This is not a massive issue if your child does keep revising and using the materials and resources which have been supplied by their school. We do however appreciate that this is not always as easy for some students. We are currently offering additional online tuition sessions during this time to support with catching up.

If you would like any further information or require the use of our services please feel free to get in contact using any of the given communication methods.

Maths Tuition – Summer Holidays

We currently have limited slots available to support students over the summer holidays with their maths education, whether this be revision, catching up, or going through past papers, please be rest assured that your child will get the most from their maths tuition sessions.

If you would like to book in for sessions over the Summer holidays, please get in contact by emailing: Info@mrjamesmathstuition.co.uk . This does not mean that you are committed to continue with the maths tuition sessions in September, however, if this is something that you would be interested in, please mention this when getting in contact.
